### COURSE

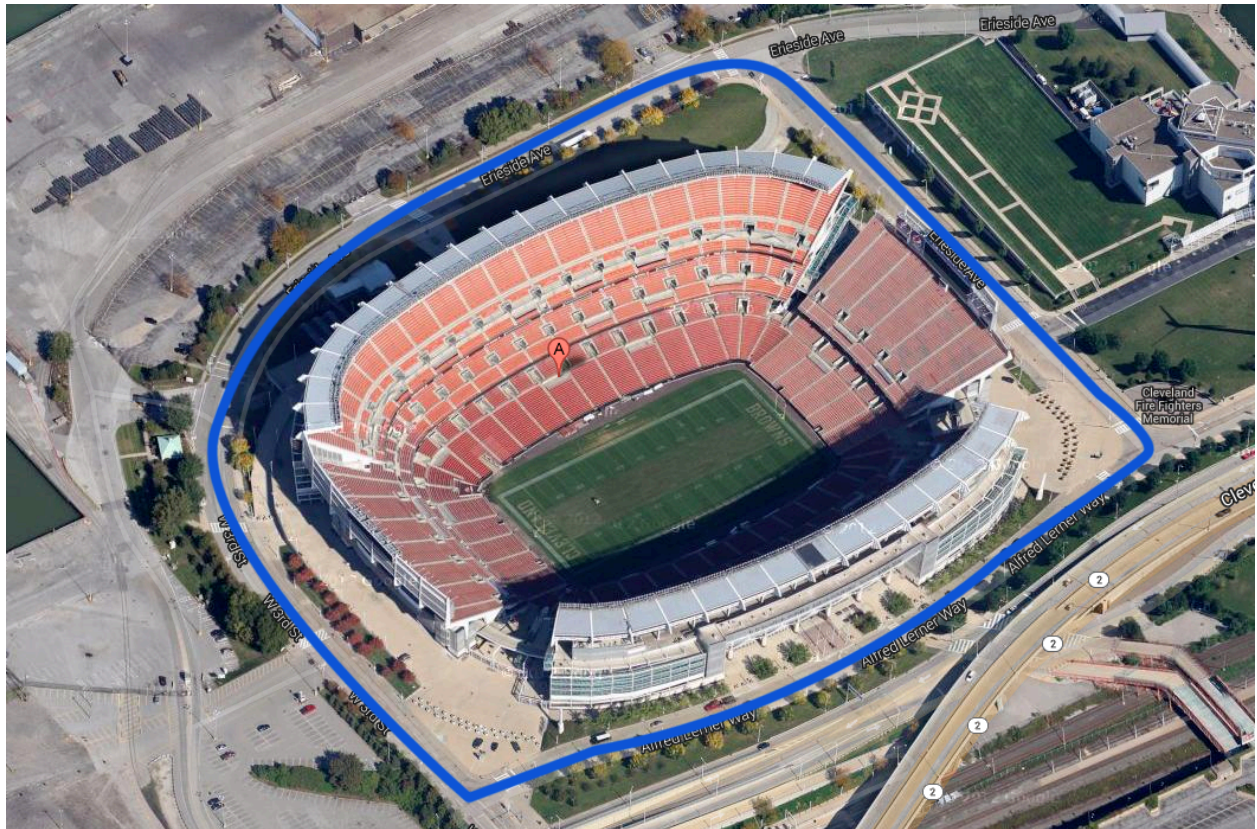

Case Cycling is proud to provide collegiate and community cyclists with the chance to test their legs around the Cleveland Browns' FirstEnergy Stadium for the first time this season. The course is a classic four-corner criterium on a 0.7 mile loop of the roads surrounding the stadium (map on next page). With wide, well-maintained roads and plenty of viewing opportunities for spectators, this course should provide some excellent racing.

FirstEnergy Stadium 100 Alfred Lerner Way, Cleveland, OH 44114
